Dear Superintendent:

Great things are happening in our Texas public schools! At Friends, our commitment to sharing your stories with fellow Texans remains steadfast, and we are gearing up for another year of impactful work.

Next month, you and each of your campuses will receive a Friends achievement poster. These posters highlight some of the many great things happening in Texas public schools statewide. We hope your staff enjoys them.

With unwavering dedication, our Board of Directors extends a warm invitation for your district to join the esteemed ranks of the Friends of Texas Public Schools Network. Since our inception in 2004 as a 501(c)(3) non-profit organization, we've stood as a bastion against the prevailing narrative of educational failure. Your district's participation empowers Friends to continue championing your legacy, amplifying your numerous strengths and accomplishments - of which there is no shortage.

For a nominal annual membership of \$375, your district can play an integral role in supporting our multifaceted initiatives. These encompass maintaining an engaging website that spotlights the successes of Texas public schools, expanding our influence across social media platforms, sustaining the publication of our informative monthly e-newsletter, bolstering our impactful billboard campaign, dispatching achievement posters to every public school campus and superintendent, and energizing our speaking engagements within schools and communities statewide.

We are proud of the many local school districts across the state that joined our Network last year. If your district was a member previously, we look forward to renewing these partnerships. *If you have not joined previously, we would like to invite you to do so.*

Please help us continue our efforts by joining today. An invoice and W9 are enclosed on the reverse for your use, including a QR code to pay by credit card. For questions or assistance with processing, contact us at friends@fotps.org.
